## Mystery Object

Greetings, Theatre Adventurers!

Welcome to **The TAG Project**, conceptualized by playwright **Thelma Virata de Castro**. The TAG Project is a multi-part theatre experience produced by Playwrights Project with support from the William Male Foundation and a RALSD Virgil Yalong Quick Grant. It centers around the mouth of the San Diego River as it meets Ocean Beach on the unceded land of the Kumeyaay. Short video plays will explore the various meanings of “tag” as they relate to the themes of belonging and connecting with nature.

Audience members may visit the site and watch the plays on phones or other portable devices (we’ll post maps and a video tour) or engage at home.

- Look for **#TAGTuesday** emails in your inbox every Tuesday through the month of August 2021.
- Discover Mystery Object meaning at August 17 performance!
- Join us for free online performances via Zoom on **Tuesdays, August 17 and August 24, 2021 @ 7pm**. (Videos will be posted to YouTube afterward)
- Visit [www.playwrightsproject.org](http://www.playwrightsproject.org) and follow Playwrights Project on Facebook, Twitter, Instagram, and YouTube.

We hope you’ll tag along with us!

Sincerely,

The TAG Team
